

# Smart Ayurvedic & Naturopathic Wellness Assessment System

## Wellness Assessment Report

Date : 18-07-2026

### Participant Information

Name : Khushali Shandilya

Age : 18

Gender : Female

### Assessment Results

Dominant Dosha : Vata

Vata Score : 58

Pitta Score : 26

Kapha Score : 38

Wellness Score : 28%

Overall Status : Needs Improvement

### Simulated IoT Sensor Readings

Heart Rate : 87 BPM

Body Temperature : 97.6 °F

Sleep Duration : 4.8 Hours

Daily Steps : 4952

Hydration Status : Needs Improvement

### Sensor-Based Wellness Insight

Low sleep duration detected. This may contribute to Vata imbalance and fatigue.

### Personalized Recommendations

- Warm cooked foods
- Regular sleep schedule
- Meditation
- Oil massage
- Grounding activities
